______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________

3. Describe how food preparation and utensil washing areas will be effectively screened to prevent contamination from flies and other insects:

______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________

4. Describe source and storage of water, storage and disposal of wastewater, and storage and disposal of garbage:

______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________
______________________________________________________________________________________________________________

ADDITIONAL COMMENTS:

1) All food must be stored on site, unless other arrangements are prior-approved
2) All food for the public must be separated from personal food
3) No storage of food outside, even if booth will be supervised at all times
4) Food not kept hot or cold will be disposed of by the inspector
5) Any fire department requirements are separate from these requirements
6) Retail vendors with a State of WI DATCP license are subject to Oneida County inspection fees
7)
