Oneida County Health Department is launching a new website that will be more informational and easier to find on the internet. The old website will remain with the Oneida County website, but it is very difficult to find the AODA minutes and meeting notes. Kathy M. did a demonstration of the new website. When it is active, you can go to: www.oneidacountypublichealth.org and look under the Healthy People Healthy Oneida County tab. 2.) Anne C. mentioned that the website will feature the Oneida Co.
