If any members have suggestions or people to recommend joining the coalition (especially in a leadership role) please contact Teri to share contacts and extend an invitation to the next meeting.</p> <p>Discussion to keep reader interest and content was discussed. Who do we want to extend an invitation to? What message do we want to convey? Leo Norden wanted to stress the importance of not just prevention but the management of those who are living with a chronic disease. What is chronic disease? Important to invite health professionals or any interested community member? Add testimonials or not. Erica Brewster said quotes from individuals on the coalition add “human aspect” to press release.</p> <p>Please review and draft or make suggestions for content.</p> <p>The activities completed by the coalition directly relate to the strategic plan and work plan.</p> <p>Please work on press release for next meeting</p>
