

## Healthy People Healthy Oneida County Steering Committee Meeting Summary

Date: May 6, 2014

Members Present: Linda Conlon, Mary Ticknor, Dianne Jacobson, Sue Kirby, Amber Weldon (via phone), Linda Pipgras  
 Members Absent: Laurie Oungst, Mary Rideout, Erica Brewster, Darcy Dickman

Agenda Topic	Discussion	Decision / People willing to follow up
<p><b>Welcome/Introductions</b></p> <p><b>Review Minutes</b></p> <p><b>Review work plans</b></p>	<p>Reviewed February meeting minutes.</p> <p>Reviewed Mental Health workplan. The Mental Health Coalition worked very hard at their plan and looked at their evidence-based programming. They will now meet every other month alternating months with the AODA Coalition to improve participation. Activities for each goal include the following:</p> <p><i>Goal #1: By December 31, 2016, increase the awareness of mental health disorders while simultaneously decreasing social stigmas through collaboration with key community partnerships.</i></p> <ul style="list-style-type: none"> <li>• Mental Health awareness and anti-stigma campaign (May is Mental Health Awareness month PSA's, blogs, media releases).</li> <li>• Looking to expand anti-stigma dvd beyond Rhinelander High School.</li> <li>• Target high risk populations.</li> <li>• Support the NAMI Drop-In Center and Peer-to-Peer Specialist Initiative for consumers.</li> <li>• Mental Health Summit - very popular and educational.</li> <li>• Will continue with suicide prevention and QPR initiatives.</li> </ul>	<p><b>Review AODA and Chronic Disease work plans at August meeting.</b></p>

*Goal #2: By December 31, 2016, development and growth of an evidence-based mental health collaborative system of care across the lifespan will be in place. Provide support to Community Service Team via oversight committee to provide CST (wraparound care) across the lifespan.*

- Increase CST wraparound care teams in tri-county area.

*Goal #3: By December 31, 2016, establish a system of data collection and management to provide a stable and ongoing source of reliable community-specific information about mental health issues.*

- Local assessment of needs and gaps will be completed on one focus group, and strategies to meet needs identified. Primary Data: High School Student Survey offered to 8 area high schools. Received 443 responses.
- Assess referral/intervention rates for possible cases of postpartum depression in Oneida County.
- Secondary Data: Develop and coordinate data collection efforts with local healthcare facilities, pediatric offices, service agencies. The Mental Health Coalition will be pilot program, Chronic Disease will follow later
- .Collaborate with AODA Coalition to do YBRA survey.

*Goal #4: By December 31, 2016, strengthen the capacity of coalition and coalition membership to continually improve effectiveness and sustainability of programmatic efforts.*

- Restructure MHIAC to allow greater participation. MHIAC and AODA strategically alternate meetings every other month to allow greater participation.
- Annual SWOT review process of coalition effectiveness.
- Advocate/refer interested consumers to join MHIAC and NAMI.

The Mental Health Coalition is taking huge steps to re-energize. Char Ahrens is doing a great job in moving the coalition forward.

**(Linda has been pushing coalitions to do an Annual Report listing their objectives and what they are doing to meet those objectives)**

**Howard Young Meeting on Community Needs Assessment**

**Data Dashboard (communicable disease)**

HPHOC Annual Report is partially completed. Mental Health and Chronic Disease portions are done but waiting on AODA Coalition. The annual report lists each coalition's goals and short term indicators for each goal.

A meeting was held at Howard Young in which hospitals discussed their health improvement plans. It was concluded it made sense to have one regional team and one regional plan. Health departments and area hospitals could join together to develop a community needs assessment plan. They are finding that this collaboration is more common now across the country. It was agreed that health risks are relatively the same in surrounding counties. The timing of the plan is an issue, however, because health departments do theirs on a 5 year plan and hospitals do theirs every three years per IRS rules. Financially, it would help health departments to collaborate with hospitals. Julie, former Portage County Health Director and now oversees all the health assessment planning processes for Ministry, is willing to help facilitate. Oneida, Vilas and possibly other surrounding counties could act as a pilot. The data in the community dashboard will be used for the community needs assessment. Discussed possibly doing a 5 year plan and then a focus area every 3 years but will need to check to make sure it meets IRS needs for the hospitals.

Linda Conlon presented the Community Data Dashboard. It contains data from What Works for Health and County Health Rankings and Roadmaps ([www.countyhealthrankings.org](http://www.countyhealthrankings.org).) and Oneida County Health Profiles (<http://www.dhs.wisconsin.gov/localdata/counties/oneida.htm>) Currently, data only goes through 2010.

The team reviewed the communicable disease section. Immunization compliance

<p><b>Affordable Care Act</b></p> <p><b>Next meetings</b></p> <p><b>Agenda items for next meetings</b></p> <p><b>Close</b></p>	<p>has decreased in the number of students but the percentage of compliance remains about 98%. This does not capture those who are not immunized due to religion or personal reasons. Linda Conlon stated they will go back and add a few more diseases to the list.</p> <p>Sue Kirby stated she just received information that people who were on Badgercare before the ACA have an extension until the end of May to apply. The standard plan does not currently have transportation. It sounds like there were more people that signed up than what was projected. Enrollment for older adults was not as top heavy as originally thought but the numbers are still low for young adults.</p> <p><b>2014 Meeting Dates:</b></p> <ul style="list-style-type: none"> <li>• August 5<sup>th</sup> @ 9:00 a.m.</li> <li>• November 4<sup>th</sup> @ 9:00 a.m.</li> </ul> <p><b>August 5<sup>th</sup></b></p> <ul style="list-style-type: none"> <li>• Chronic Disease Coalition to speak</li> </ul> <p><b>November 4<sup>th</sup></b></p> <ul style="list-style-type: none"> <li>• Mental Health Coalition to speak</li> </ul> <p>Meeting adjourned at 10:30 a.m.</p>	<p><b>Linda C will e-mail workplans, annual report and meeting minutes before August meeting.</b></p>
