There will be a table with the health plan and identified focus areas. The other coalitions will have the HPHOC logo on their boards so people know it's part of the health plan.</p> <p>The Chronic Disease coalition is off to a bumpy but great start. They have received a UW population grant, a CDC CHANGE grant, and a Healthy Wisconsin Leadership fellowship. They now have a community chair and they are working on strategic planning and grant objectives. Linda has high hopes for this coalition. Working hard at building a solid foundation from the ground up.</p> <p>Mental Health coalition is going pretty strong. AODA is struggling a little bit with membership. Some suggestions were to look at social services, human service center and law enforcement. Suggest identifying key groups you want on committee and ask them. Both coalitions will be submitting 2013 work plans which need to be based on evidence based programming. Suggestions for AODA: Stigma and alcohol at events.</p> <p>February 5, May 7, August 6, and November 5, 2013</p> <p>Waiting for Rob to get up to speed. Need coalitions to be thinking about what data is needed.</p>	<p>Mary will check with Heidi Nehls related to a social worker joining AODA coalition.</p>
