

**Northwood's Immunization Coalition
Oneida, Forest, and Vilas Counties
Meeting Minutes
August 28, 2013 @ 2:00pm**

Present / via phone: Jill Blake, Janine Drivas, Kathy Jensen, Jill Krueger, and Laurel Dreger

Agenda Topic	Discussion/Decision	Follow Up
Introductions	INTRODUCTIONS and connect to conference callers	
Influenza Vaccine	<p>Forest Co. – Ordered 600 doses trivalent through Novartis and Sanofi. No shipping date known at this time. Will charge \$25/dose. Also ordered some children's VFC. Received some VFC flumist yesterday. Will start offering to walk-ins when they receive shipment. Will have offsite community clinics and will schedule as soon as ship date is confirmed. Not offering school clinics or doing VFC mass clinics.</p> <p>Vilas Co – Ordered 700 regular trivalent and 500 intradermal. Received 200 doses regular Sanofi trivalent. Will charge \$25. Also ordered children's' VFC. Beginning community clinics on Sept 17th through mid October. No school clinics, no VFC mass clinics.</p> <p>Oneida Co The following is the information provided by Jill Blake</p> <p><u>Private</u> Flu Mist 200 received 200 Injectable Quad 750 Fluzone Tri 2350 received 750</p>	

Fluzone High Dose
500

VFC Flu (not sure what brand they will send)

.25 50

.5 450

Mist 600

Jill stated prices not set but she believes there will be different prices based on type of vaccine. Will be doing VFC Mass clinics, one at Rhinelander School District, one at Lakeland School District in the evenings. Will offer walk-ins daily beginning Sept 17 and will be doing some outlying clinics and then smaller businesses at the end. Doing a clinic for Nicolet College students on Oct. 8th.

Langlade Co – Read off email from Sheila Rein. Offering quad this season and clinics in their area also offering quad. Prices not yet set for county vaccine. Area Walgreens offering inactivated for \$31.99, \$39.99 for flumist and \$54.99 for high dose.

Aspirus – Offering regular and high dose to patients. Not sure of start date yet. Not sure if ordered tri or quad at this time. Will have patient clinics in October. Last year offered regular for \$40 and high dose for \$50 Janine believes. Discussed last years' use of intradermal. Saw many large reddened localized reactions to intradermal, sore and itchy. Aspirus did not order any intradermal this year.

Ministry (Employee Health) – Employees expected to receive flu vaccine. If employee claims a medical or religious waiver the case must go through a board to determine if waiver is valid. If

	<p>do not get vaccine and do not have adequate waiver, employee will forfeit general wage increase in January. Next year 2014-15 will make flu shot condition of employment. Have ordered trivalent and some egg free vaccine for certain persons with egg allergy. Received 750 doses in Rhinelander but none in Woodruff yet. Hope to start vaccinating staff in next two weeks. Discussed what Kathy has heard about Marshfield Clinics position on employee vaccination. Kathy was told flu vaccine is mandatory this year for Marshfield employees.</p> <p>There is one VIS statement for live virus flumist and one for inactivated vaccine to pass out to clients. There are not separate VIS statements for children and adults. Only difference is screening tool some clinics/health departments may use</p>	
Tubersol/ Aplisol availability	Jill Krueger said Forest Co has not been able to get serum for 4 months. Oneida Co. gets it from St Mary's and is doing TB tests. Vilas just received 2 bottles of aplisol from Trigs and is resuming doing TB skin tests.	
Next Meeting	The next meeting is scheduled for October 9 th at noon at the Oneida County Health Dept. A representative will be there to discuss Improving Adolescent Immunization Rates.	Please let Laurel at 715-479-3658 know if you will be present for the October 9, 2013 meeting. The speaker is providing lunch so we will need to have an accurate count ahead of time.
